4th Istanbul Conference of Economics and Finance*

*By Erginbay UĞURLU***

Conference Notes

Aim of the conference is to make a contribution to the Istanbul International Financial Center Project; realize and evaluate short, medium and long-term plans for the center. The Istanbul International Finance Center Project is a Turkish Prime Ministry and Turkish Ministry of Development initiative which aims to establish Istanbul as a global finance. It is included in the Ninth Development Plan covering 2007-2013, and accorded top priority and importance by Turkish Government. The first ICEF conference were hold in 2011 and the main theme of conference was “The Sustainability of Global Financial Stability. Economy Minister Ali Babacan, Finance Minister Mehmet Şimşek and Daron Acemoglu, a professor of economics at the Massachusetts Institute of Technology (MIT), was invited speakers for the opening speeches in 2011.

Main topics of the proceedings are Finance and Financial Economics, Financial Markets and Institutions, General Economics, International Finance, International Economics and Public Economics. In the opening speech Murat Karagöz give information about the aim of the conference and the venue of the previous ICEF conferences that are Fatih University in 2011, Okan University in 2012 and Kadir Has University in 2013. After opening speeches of Murat Karagöz (Coordinator), Cemal Zehir (Director of SSI of YTU) and İsmail Yüksek (Rector) plenary session were started. Because of the rainy day in Istanbul some speakers could not join the plenary session.

The speakers of the plenary session were Vedat Akgiray (Boğaziçi University) and President of the Savings Deposit Insurance Fund (TMSF) Şakir Ercan Gül. The moderator of the session is Deniz Gökçe (Bahçeşehir University). Two speakers and the moderator stated that the Istanbul made a significant progress to be a finance center. Meanwhile Gül emphasize the strangeness of Turkish banking system. Akgiray let the participants that Borsa İstanbul and Boğaziçi University to jointly establish a “Finance Technopark Technology Development Zone”. In order to add to the competitive power of the Turkish financial sector and increase its share in the global markets, Borsa İstanbul and Boğaziçi University work in cooperation to realize a finance-oriented technology development zone.

Opening lecture was given by Zafer Toprak which is entitled “From Imperial Debt to Global Offerings: The Rise of Istanbul as a Financial Center”. The conference continued with the invited speaker Tuncer Bulutay (Retired, Ankara University) discussed “Complexity Theory in Economics”. Nevertheless Bulutay
