## Journal of Economic and Social Thought

Mohamed Kamel El's paper titled as "Identifying the Role of Social Media in Activating Youth Participation in Voluntary Works". After these two papers were presented, opinions of all academics and experts on the papers had been demanded. For the development of the papers, constructive comments were provided by the academics.

On the other hand, the paper titled as "Financing of Education in Turkey: The Case of Ministry of Education Budget" by Süleyman Dikmen & İclal Dağlıoğlu Şanlı was presented in a different session and opinions of the attendees were asked. The paper titled as "The Level of Use of Human Resources Information Systems in Businesses" by Handan Çam, Hasan Ayaydın, Alper Veli Çam & Nuri Baltacı mentions about the level of use of information systems in human resources departments.

On the last day of conference, presentations of the papers titled as "The Impact of Infographic Animation Videos on Data Visualization" by Semih Delil, "Opinions of The Teacher Candidates in The Field of Art History Who Have Received Training in Formation, on The Use of Different Methods in Teaching Art History" by Vesile Aykaç were quite efficient.

The special attention was given to the issue that all presentations related to social sciences and education sciences categories were held accordingly. Upon the presentations, discussions on the deficiencies of the papers and how to improve them were made by the academics and experts in the conference room.

All the papers were presented in parallel sessions both in Turkish and English during three days. After presentations, the questions and comments from the participants were given.

The 3<sup>rd</sup> International Conference on Social Sciences & Education Research made a great contribution to the fields of social sciences and education research in terms of the critical perspectives.
